

Estifanos Wondem Meshesha

Ottawa, ON | 613-796-0344 | emesh024@uottawa.ca | [LinkedIn](#)

SUMMARY OF QUALIFICATIONS

- Second-year Software Engineering student (CO-OP) at the University of Ottawa with a CGPA of 9.11 and Dean's Honor List status.
- Over 8 months of combined technical experience in IT support and data management.
- Proficient in Java, Python, JavaScript, Django, Flask, and Agile methodologies; currently expanding skills in React.js and Node.js.
- Research and analytical skills developed by working on group projects.
- Excellent communication skills honed through technical support, client-facing roles, and leading team projects.
- Trilingual professional fluency in English, French, and Amharic.

RELEVANT SKILLS

ENGINEERING:

- Software Development:** Full-Stack Development (Django, Flask), Mobile App Development (Android), Object-Oriented Design, Test-Driven Development (TDD)
- Project Management:** Agile Methodologies, Project Planning, Timeline Management, Team Leadership, Budget Management
- Systems Analysis:** Requirements Analysis, Software Construction, Database Systems Design, Troubleshooting Complex Technical Issues
- Quality Assurance:** Test coverage using JUnit, Code Review Processes, Debugging and Optimization

TECHNICAL:

- Programming Languages :** Java, Python, JavaScript, HTML, CSS, SQL
- Frameworks & Tools :** Django, Flask, Android Studio, JUnit, Git, GitHub, Linux, VS Code, Eclipse
- Databases & Concepts :** SQLite, MySQL, Object-Oriented Programming (OOP), Test-Driven Development (TDD), Version Control, Agile Methodologies

SOFT & COMMUNICATION :

- Leadership & Teamwork:** Led teams of 4-12 members; mentored peers; collaborated effectively in cross-functional teams
- Communication:** Excellent verbal and written skills demonstrated through technical support, client-facing roles, and professional reporting
- Problem-Solving:** Resolved complex technical issues for 300+ users; streamlined workflows to improve efficiency
- Multilingual:** Native fluency in English, French, and Amharic

EDUCATION

University of Ottawa

Ottawa, ON

Bachelor of Applied Science - Software Engineering | Engineering Management and Entrepreneurship Option

- CGPA:** 9.11 | *Dean's Honor List (Fall 2024, Winter 2025)*
- Relevant Coursework:** Data Structures & Algorithms, OO Programming, Database Systems, Software Engineering Fundamentals
- Awards:** Faculty of Engineering Dean's Merit Scholarship,
- Admission average of 100% | Scholarships of \$5000 | French Studies Bursary of \$36000*

Lycée Guebre-Mariam

Addis Abeba, Ethiopia

French Science Baccalauréat

Graduation Date: Jul 2024

- Admis mention "Très Bien" on the baccalauréat | Graduated with a 4.0 CGPA*
- Awards :** France Excellence Bursary

APPLIED PROJECTS

Tutoring Progress Tracking App

Java, Android Studio, SQLite, UML

Sep 2025 - Present

- Developing with a group of 4 members a native Android application with role-based authentication (Student, Tutor, Admin) and a multi-step registration process requiring admin approval.
- Implementing a two-way review system allowing students and tutors to rate each other, fostering accountability and quality control.
- Building a data visualization dashboard for progress monitoring and integrating a calendar for scheduling sessions.
- Designing a complex SQLite database schema with Room to manage user roles, sessions, and review data efficiently.

Parking Management System

Java, JUnit, OOP

Jan 2025 - Apr 2025

- Engineered an object-oriented system to manage vehicle registration and parking spot allocation.
- Implemented search algorithms for queries by vehicle type, color, and location.
- Achieved 95% test coverage using JUnit, ensuring code reliability and maintainability.

Flask Web Application

Python, Django, HTML, CSS, JavaScript

Jan 2024 - Jun 2024

- Led a 4-person team in developing a full-stack web application using the Django framework for backend architecture, user authentication, and database management.

- Built a responsive frontend with HTML/CSS and JavaScript, utilizing Django's templating engine for dynamic content.
- Managed project timelines, conducted code reviews, and facilitated collaboration using Git, delivering a secure and maintainable product on schedule.

WORK EXPERIENCE

University of Ottawa

Ottawa, ON

Engineering Junior IT Assistant

Aug 2025 - Present

- Provide technical support to 300+ students and faculty, troubleshooting hardware, software, and network issues in Windows/Linux environments.
- Collaborate with senior technicians on equipment maintenance and software deployment projects.
- Document solutions and maintain a knowledge base for common technical issues.

Reception Attendant - Housing Department

Aug 2024 - Present

- Processed inquiries and service requests for a 1,000+ resident community, operating CRM and access control systems.
- Managed financial transactions and maintained accurate records in accordance with audit procedures.
- Coordinated with IT, Finance, and Maintenance teams to resolve resident concerns efficiently.

Universities Canada

Ottawa, ON

Summer Intern - Public Affairs and Governance

Aug 2025 - Sep 2025

- Organized and digitized 500+ institutional documents, implementing consistent filing standards.
- Improved SharePoint information architecture, enhancing document searchability across departments.
- Conducted research and data analysis to support governance reporting initiatives.

LEADERSHIP EXPERIENCE

Lycée Guebre-Mariam

Graduation Committee President

Sep 2023 - Jul 2024

- Led a 12-member committee to organize graduation ceremonies for 90+ graduates and 900+ attendees.
- Managed an event budget of 2M+ Ethiopian Birr (~\$22,600 CAD) with full financial accountability.
- Coordinated logistics with school administration, vendors, and families in English, French, and Amharic.

Project Manager - Development Team

Jan 2024 - Jun 2024

- Directed a 4-person team building a Django-based web application; facilitated weekly progress meetings and code reviews in a multilingual environment.
- Mentored teammates through debugging challenges and development best practices, delivering the project on schedule.

CERTIFICATIONS & ACHIEVEMENTS

- **Python Full Developer Certification** | Udemy | 2024
- **IBM AI Fundamentals Certification** | IBM SkillsBuild | In Progress - Expected 2025

ADDITIONAL INFORMATION

- **Currently Learning:** React.js, Node.js, AI/Machine Learning (IBM Certification Track)
- **Interests:** Open Source Development, Mobile App Development, Artificial Intelligence, Entrepreneurship
- **Availability:** Seeking Winter 2026 CO-OP opportunities

EXTRACURRICULAR ACTIVITIES

Volunteer Tutor | Lycée Guebre-Mariam, Addis Ababa, Ethiopia

- Provided academic support and mentorship to high school students, developing patience and clear communication skills.

Vice-Captain, Soccer Team | Lycée Guebre-Mariam, Addis Ababa, Ethiopia

- Assisted in leading team training and strategy, fostering teamwork, discipline, and collaborative problem-solving.

Volunteer | Mekedonia Humanitarian Association, Addis Ababa, Ethiopia

- Volunteered at Mekedonia, Ethiopia's primary humanitarian association, providing direct care that required high levels of empathy, responsibility, and adaptability.
